Model: BLACK BOX T1

MB Automotives India
(A Unit of Metro Basket)

Specification	
Item	value
Type	Video Recorder, DUAL LENS, DASH CAM
Screen Type	IPS
Screen Size	7", 4K, Touch Screen
Angle	170"
Resolution	1080P
Function	Waterproof, NIGHT VISION, WDR, FULL COLOR Park MODE, Loop Recording, Build-in Battery
Voltage	12-24v
Working temperature Range	-15'C - 65'C
Warranty	1 year
Brand name	Bus Block Box
Model number	MB BLACK BOX
CPU	Jieli Chipset
Screen	7 inch IPS Screen
Lena	Front: 1080P Rear:1080P
Night Vision	Starlight Super Night Vision
Memory Card	Support Max 2560B
Video Resolution	1024*600
View Angle	170 Degree Wide View Angle
Black & Front Camera Cable	15m + 5m

Model: BLACK BOX T2

Specification	
Item	value
Type	Video Recorder, 4 LENS, DASH CAM
Screen Type	IPS
Screen Size	7", 4K, Touch Screen
Angle	170"
Resolution	1080P
Function	Waterproof, NIGHT VISION, WDR, FULL COLOR Park MODE, Loop Recording, Build-in Battery
Voltage	12-24v
Working temperature Range	-15'C - 65'C
Warranty	1 year

CPU	Jieli Chipset
Screen	7 inch IPS Screen
Lena	Front: 1080P Rear:1080P
Night Vision	Starlight Super Night Vision
Memory Card	Support Max 2560B
Video Resolution	1024*600
View Angle	170 Degree Wide View Angle
Black & Front Camera Cable	15m + 5m

Model: BLACK BOX SMART

MB Automotives India
(A Unit of Metro Basket)

Specification

System: Android 8.1, Processor, Mtk6763 CCRTEX-A53 octa-core Processor, Running Memory 2+32G
Power Input: DC 9-36V, Nominal DC 24V Operation
AI Camera : DMS, ADAS, BSD Optional
Mode: MB Black Box Smart Storage
Format: MP4 Loop
Recording: Supported Support Max Tf Card
Storage: Support Max Tf Card Storage 512gb(not Included)
Working Temperature:- 20℃~70℃storage
Temperature:-30℃~80℃photo
Format: Mp4 Function
Support: Dvr, Reversing/parking Assistitem
Type: Bus & Track Dvr, Reversing / Parking Assist Safekit
Materials: Abs
Wifi: Supports 802.11 B/g/n Protocols
Positioning Method: Gps+bds+ Glonass+ Agps
Internet: 4g
Camera: Support 4 - Channel 1080p Ahd - 720p 4-channel Surveillance
Video Format: Mp4 Format
Remote Monitoring: 4g Version Supports Remote Monitoring, Real-time Video, Remote Photo, Track Playback, And Positioning
Cpu Processing: Mtk 8-core Processor With Single-core Speed Up To 2.0ghzusb
Interface: Support 1 Way Usb, Tf Card
Serial Interface: Support 2 Ways (1 Way Protocol Communication, 1 Way External Device Communication)
Tf Card: Supports Expansion, Up To 512 Gb
Navigation: Van Version Map
Features :waterproof Ip68, Night Vision, Shockproof10g
Resolution:1024*600 Ips
Brightness: 400cd/m2
Contrast400:1
Main Function: Three - Way/four-channel Seamless Circular Stitching, All-round Real-time Monitoring. The Installation Is Completed In 15 Minutes. With Gps, Navigation, Cmsv6 Background, Loop Recording, Easy Installation, Aviation Head Interface, Safe And Reliable, Wide Range Of Application
Body Size:254*153*35mm
Body Weight:813g

DMS (DRIVER MONITORING SYSTEM)

DMS, based on facial feature recognition, collects the driver's facial images and head postures through the camera, and then compares them with various abnormal driving behavior models in the database to identify the current driver status.

DMS

ADAS

Specification

4 Channel MDVS (SD) (SSD) (Hard Drive)
The 4 Channels HD Video Recording Systems Adopts H.264 Compression Technology and Supports Real Time Remote Monitoring. Which Can Realize More Intelligent And Comprehensive Vehicle Management.

System Includes
7 Inches Monitor
Camera's 4
5m Extension Cable (3X)
15m Extension Cable
SD Card Support Option SSD/Hard Dirve

Features Parameters Integrated With AI Technology
DMS (Driver Monitoring Systems) Camera
ADAS Advanced Driver Assistance Systems Camera
BSD (Blind Spot Detection) Camera Reverse Camera With Parking
GPS Tracking With Sensor
Fuel Sensor
Real Time Online Video Surveillance
Rash Driving Detection
Harsh Breaking Detection
Over Speed Detection
Seat Belt Detection
Features Icons
